• Description

In today's time-crunched, cost-conscious global business environment, tight project deadlines and stringent expectations are the norm. So how can you juggle all the skills and responsibilities it takes to shine as a project management maven? Updated in a brand-new edition, Project Management For Dummies offers everything you need to successfully manage projects from start to finish—without ever dropping the ball. Written by a well-known project management expert, this hands-on guide takes the perplexity out of being a successful PM, laying out all the steps to take your organizational, planning, and execution skills to new heights.
